

## 212

Quadco's 212 Shear Head is a professional duty, compact attachment for 10-15T excavators. This Felling Head features an accumulating arm, rotation by two hydraulic motors, and boasts a fast and clean shear cut on tall trees. Its compact design makes it agile in any forest, while visible arms take the strain off the operator. This model is optimal for 4-8" stems, with a max 10" for hardwood and 12" for softwood.
